## WHAT CUSTOMERS HAD TO SAY ABOUT BOSUN'S MARINE

"My husband and I wanted to express our wonderful purchase experience with your sales and financing team the past few weeks. From the first conversation with Rick Haas, he was professional and attentive to our needs. This goes a long way to feel you can "trust" and "want" to do business with a company. You should be very proud to have him as part of your sales team as his personable approach was perfect. When an educated consumer is looking to buy a boat, they have done their research and it should show from the first conversation you have with them. Avery was also wonderful to deal with during the final transaction. You should be very proud to have two such exceptional employees working for you. Coming from a sales background, it is important to compliment good experiences so upper management knows. Please know we would gladly refer any of our friends to you."
