Walker's Marine

Buying a boat for the first time is a thrilling experience, and we couldn't have asked for a better guide than Jason! From the very start, he made the process enjoyable and stress-free. No question was too silly for him—he answered all our queries with a friendly smile and a wealth of knowledge. Thanks to Jason's professionalism and patience, we felt confident navigating our way through the nitty-gritty of boat ownership. He helped us dodge potential pitfalls, ensuring our first purchase was smooth sailing. If you're considering buying a boat, we highly recommend reaching out to Jason for an amazing experience!

Texas Marine

I recently purchased a Nautic Star boat from Texas Marine Conroe, and I couldn't be happier with the experience! From start to finish Ian Jones made the process smooth, informative, and enjoyable. Texas Marine and Ian's knowledge of boats and attention to detail were impressive, helping me find exactly what I was looking for within my budget.

What really stood out was Ian Jones' approach - never pushy, genuinely interested in understanding my needs and wants, as well as ensuring I was comfortable with my decision. Ian took me and my family on a demo of the boat and walked me through all the features as well as provided guidance on maintenance and after care introducing me to all the service departments and showing me their commitment to my long-term satisfaction and not just the sale.

The entire team at Texas Marine Conroe was friendly and professional, created a welcoming environment and made me feel like a valued customer. I highly recommend Ian Jones and the Texas Marine Conroe team to anyone in the market for a boat. I have had the pleasure of meeting others on the team and feel that they genuinely care about building a customer relationship for the long term and make the process as smooth and enjoyable as possible!
