YAMAHA MASTER TECHNICIAN

Spend-A-Day is excited to announce that Austin Butt is among the marine technicians who successfully earned Yamaha Master Technician Certification during 2023.

To earn the certification, experienced marine technicians must complete six week-long courses covering outboard engine operating systems, proper installation, service and maintenance procedures, and troubleshooting skills. Out of hundreds of applicants, approximately 30 technicians pass Yamaha's certification exam on an annual basis.

Congratulations, Austin!

Bosun's Marine Mashpee on Cape Cod participated and won 1st place for best overall entry in this year's local parade.

The theme for the float was Home Sweet Home. Crowds went wild with Christmas tunes playing and family members laughing, dancing, and waving on a World Cat 230 DC.
